What alternatives are there to building and running iOS apps?

NEW PROJECT

PROJECT TYPE

Choose a template for your new project:

iOS	 Master-Detail Application	 Page-Based Application	 Single View Application	 Tabbed Application
OS X	 Game			

Single View Application

This template provides a starting point for an application that uses a single view. It provides a view controller to manage the view, and a storyboard or nib file that contains the view.

Red = Error

Yellow = Warning

EDITOR

Every app begins with a single line of code.

That code is written here.
